About Us

LD AGRO CO., LTD is a Vietnam-based agricultural and food export company connecting trusted Vietnamese sources with international markets.

We specialize in sourcing and supplying a diverse range of Vietnamese agricultural products, including coffee, cashew nuts, pepper, cassia, star anise, coconut products, fresh fruits, and frozen fruit products.

From agricultural regions and processing facilities to international buyers, we work across the supply chain to select suitable products, coordinate reliable supply, and meet specific quality, packaging, and market requirements.

At LD AGRO, we believe that successful international trade begins with strong local foundations. By building close relationships with farmers, processors, manufacturers, and customers, we aim to create a supply network based on quality, transparency, reliability, and long-term partnership.

Our goal is not simply to export products, but to create sustainable value for every partner along the supply chain while bringing the diversity and potential of Vietnamese agriculture to global markets.

WHY LD AGRO CO., LTD.

Reliable Sourcing

We work directly with manufacturers, processors, and sourcing regions across Vietnam to identify reliable supply partners and export-ready products.

Local Support

With an on-the-ground presence in Vietnam, we support buyers throughout the sourcing process – from supplier communication and negotiation to inspection, loading, and logistics coordination.

Trusted Trade Partner

More than simply connecting buyers with suppliers, LD AGRO works to protect our customers' interests, improve communication, reduce sourcing risks, and create long-term value for both sides.

Quality Coordination

We coordinate product specifications, quality requirements, inspections, and pre-shipment checks to help ensure that products meet agreed standards before loading.

Long-Term Partnership

We focus on building stable supply networks and long-term business relationships, rather than one-time transactions.

Coffee

Green Coffee Beans, Roasted Coffee

Green Coffee Beans

Origin: Vietnam

Sourced from Vietnam’s renowned coffee-growing regions, our coffee range combines the distinctive character of Robusta and Arabica with carefully controlled processing and roasting. From selected green coffee beans to expertly roasted coffee, we offer consistent quality, versatile specifications, and flexible solutions to meet the diverse needs of international buyers and coffee businesses.

Vietnamese Robusta and Arabica, available in Grade 1 & Grade 2, with Wet Polished or Clean processing. Available in Screen 13, 16 and 18.

Nuts & Spices

Cashew Nuts, Black Pepper, White Pepper, Cassia, Star Anise

Cashew Nuts

Origin: Vietnam · Private Label & OEM: Available

Vietnam is one of the world’s leading destinations for cashew processing, supported by established growing regions and a well-developed processing industry. Our Cashew Nuts are carefully selected and processed to deliver a clean appearance, naturally creamy taste, and consistent quality for international markets.

We offer a wide range of whole, split, and broken cashew kernels, suitable for different food applications, from retail and snack products to food manufacturing and further processing. Specifications, grades, and packaging can be customized according to market and buyer requirements.

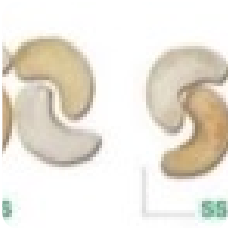

Main Grades	WW180 / WW210 / WW240 / WW320 / WW450 / WS / LP / SP / BB / SW1 / DW / SK / WB
Processing	Raw / Roasted
Color	White / Scorched
Packaging	Vacuum Bags / Tin Cans / Cartons / Customized Packaging
Packing	10 kg / 22.68 kg or as required
Private Label & OEM	Available

Whole Cashew Kernels

WW180	Extra-large whole kernels, with approximately 140–180 kernels per pound.
WW210	Large whole kernels, approximately 180–210 kernels per pound.
WW240	Medium-large whole kernels, approximately 210–240 kernels per pound.
WW320	Standard whole kernels, approximately 300–320 kernels per pound.
WW450	Smaller whole kernels, approximately 400–450 kernels per pound.

Split & Broken Cashew Kernels

WS (White Splits)	Whole kernels naturally split lengthwise into two pieces, with a clean white appearance.
WB (White Butts)	Kernels broken crosswise, producing smaller whole-kernel sections.
LP (Large Pieces)	Larger broken cashew pieces, suitable for food processing and ingredient applications.
SP (Small Pieces)	Smaller cashew pieces commonly used in confectionery, bakery, cereals, and processed food products.
BB (Baby Bits)	Fine cashew pieces suitable for applications requiring smaller kernel particles.

Other Cashew Grades

SW1 (Scorched Wholes)	Whole kernels with a light brown or scorched appearance while maintaining the characteristic cashew flavor and nutritional value.
DW (Dessert Wholes)	Whole kernels with natural surface characteristics such as slight discoloration, blemishes, or shriveling.
SK	Kernels showing natural colored spots or surface marks according to the applicable grade specification.

Roasted Cashew Nuts

Our Roasted Cashew Nuts are made from carefully selected kernels and gently roasted to develop a naturally rich aroma, creamy texture, and satisfying crunch. Available in popular sizes such as A180, A210, A240, and A320, with seasoning and packaging options tailored to different markets.

Available Options	A180 / A210 / A240 / A320
Roasting	Plain / Salted / Seasoned
Packaging	Retail / Bulk / Private Label
Packing	Customized according to buyer requirements

Black Pepper

Origin: Vietnam · Private Label & OEM: Available

Vietnam is one of the world’s leading pepper-producing origins, offering pepper with a distinctive aroma, bold flavor, and versatile applications. Our Vietnamese Pepper is carefully selected, cleaned, and processed to provide consistent quality for spice manufacturers, food processors, distributors, and international markets.

We offer a range of Black Pepper, White Pepper, Light Berry Pepper, Pinhead Pepper, and Ground Pepper, with different sizes and specifications available to meet diverse market requirements.

Black Pepper (MC)

Our Machine Cleaned (MC) Black Pepper is carefully cleaned and sorted to remove impurities while maintaining the natural aroma, pungency, and characteristic appearance of Vietnamese pepper.

Cassia

Origin: Vietnam

Vietnamese Cassia is valued for its warm aroma, naturally sweet-spicy flavor, and versatile applications across the food, beverage, bakery, and spice industries. Sourced from selected growing regions and carefully processed, our Cassia products are available in various forms and cuts to meet different processing and market requirements.

We supply Cigarette Cassia, Split Cassia, Whole Tube Cassia, Broken Cassia, Cassia Powder, Pressed Cassia, and Round & Square Cut Cassia, with specifications and packaging tailored to buyer requirements.

Cigarette Cassia

Cigarette Cassia consists of thin, tightly rolled Cassia bark with a uniform tube-like appearance. It is commonly used for spice blending, extraction, decoration, and premium culinary applications.

Origin	Vietnam
Length	8–15 cm / Customized
Diameter	5–15 mm
Moisture	Max. 13%
Volatile Oil	Min. 2%
Foreign Matter	Max. 0.5%
Broken / Damaged	According to agreed specification
Packaging	Cartons / PP Bags / Customized Packaging

Split Cassia

Split Cassia is made from Cassia bark that has been naturally or mechanically split into sections, offering a practical format for further processing and spice applications.

Origin	Vietnam
Length	8–15 cm / Customized
Thickness	According to specification
Moisture	Max. 13%
Volatile Oil	Min. 1.5–2%
Foreign Matter	Max. 0.5%
Packaging	20–25 kg Bags / Cartons or Customized Packaging

Whole Tube Cassia

Whole Tube Cassia features intact, naturally rolled Cassia bark with a distinctive appearance and strong aromatic profile, suitable for culinary use, beverages, and further processing.

Origin	Vietnam
Length	8–20 cm / Customized
Diameter	10–30 mm
Moisture	Max. 13%
Volatile Oil	Min. 2%
Foreign Matter	Max. 0.5%
Packaging	Cartons / PP Bags / Customized Packaging

Broken Cassia

Broken Cassia consists of naturally broken or cut pieces of Cassia bark, providing an economical option for grinding, extraction, tea, and industrial spice applications.

Origin	Vietnam
Size	1–10 cm / Customized
Moisture	Max. 13%
Volatile Oil	Min. 1.5%
Foreign Matter	Max. 0.5%
Packaging	20–25 kg Bags / Cartons or Customized Packaging

Broken Cassia Cutting

Broken Cassia Cutting is produced by cutting Cassia bark into smaller, more uniform pieces, making it suitable for industrial processing, spice blending, tea, and extraction applications.

Origin	Vietnam
Cut Size	1–3 cm / 3–5 cm / Customized
Moisture	Max. 13%
Volatile Oil	Min. 1.5%
Foreign Matter	Max. 0.5%
Packaging	20–25 kg Bags / Cartons or Customized Packaging

Cassia Powder

Our Cassia Powder is finely ground from selected Vietnamese Cassia bark, delivering a warm aroma and characteristic sweet-spicy flavor. It is suitable for bakery, beverages, seasoning, food manufacturing, and spice blends.

Origin	Vietnam
Raw Material	Selected Cassia Bark
Mesh Size	40 / 60 / 80 Mesh
Moisture	Max. 13%
Volatile Oil	Min. 1.5%
Foreign Matter	Max. 0.5%
Packaging	10 kg / 20 kg / 25 kg or Customized Packaging
Sterilization	Available upon request

Pressed Cassia

Pressed Cassia is formed by pressing selected Cassia bark into compact pieces, creating a practical format for transportation, storage, and specific industrial applications.

Origin	Vietnam
Form	Pressed Cassia Bark
Size	Customized
Moisture	Max. 13%
Volatile Oil	According to specification
Foreign Matter	Max. 0.5%
Packaging	Cartons / PP Bags or Customized Packaging

Round Cut Cassia

Round Cut Cassia is carefully cut into uniform circular pieces, offering a consistent appearance and convenient format for tea, beverages, decoration, and culinary applications.

Origin	Vietnam
Cut Size	Customized
Thickness	Customized
Moisture	Max. 13%
Volatile Oil	Min. 1.5–2%
Foreign Matter	Max. 0.5%
Packaging	Cartons / Bags or Customized Packaging

Square Cut Cassia

Square Cut Cassia is processed into uniform square-shaped pieces for convenient use in food, beverage, spice, and decorative applications.

Origin	Vietnam
Cut Size	Customized
Thickness	Customized

Coconut Products

Desiccated Coconut, BBQ Coconut Shell Charcoal, Shisha Coconut Shell Charcoal, Coco Peat / Coir Pith

Desiccated Coconut

Origin: Vietnam

Vietnamese Desiccated Coconut is produced from carefully selected mature coconuts, processed to preserve the natural coconut aroma, clean taste, and characteristic texture. Available in different fat levels and particle sizes, our products are suitable for bakery, confectionery, cereals, snacks, food manufacturing, and other coconut-based applications.

We offer High Fat Fine, High Fat Medium, and Low Fat Fine grades, with specifications and packaging adapted to different processing and market requirements.

Desiccated Coconut High Fat Fine Grade

High Fat Fine Grade features finely grated coconut with a naturally rich coconut flavor and higher fat content. Its fine texture makes it ideal for bakery products, confectionery, fillings, toppings, and food formulations requiring a smooth coconut texture.

Origin	Vietnam
Grade	High Fat / Fine
Fat Content	Min. 60%
Moisture	Max. 3%
Particle Size	Fine / Customized
Color	Natural White
Foreign Matter	Max. 0.05%
Packaging	3-ply kraft paper bag with inner PE liner, outer PP bag

Desiccated Coconut High Fat Medium Grade

High Fat Medium Grade combines a rich coconut flavor with a medium-sized texture, making it a versatile ingredient for bakery, confectionery, snack products, cereals, and food processing.

Origin	Vietnam
Grade	High Fat / Medium
Fat Content	Min. 60%
Moisture	Max. 3%
Particle Size	Medium / Customized
Color	Natural White
Foreign Matter	Max. 0.05%
Packaging	3-ply kraft paper bag with inner PE liner, outer PP bag

Desiccated Coconut Low Fat Fine Grade

Low Fat Fine Grade is finely grated coconut with a reduced fat content, offering a lighter ingredient option while maintaining the characteristic aroma and natural taste of coconut. It is suitable for bakery, cereals, snack products, food ingredients, and formulations where controlled fat content is required.

Origin	Vietnam
Grade	Low Fat / Fine
Fat Content	Max. 50%
Moisture	Max. 3%
Particle Size	Fine / Customized
Color	Natural White
Foreign Matter	Max. 0.05%
Packaging	3-ply kraft paper bag with inner PE liner, outer PP bag

Available for: Bakery Confectionery Cereals Snacks Toppings Food Manufacturing
Ingredient Blends

Desiccated Coconut Chip Grade

Desiccated Coconut Chip Grade is made from carefully selected mature coconuts and cut into small, thin pieces before drying. It offers a natural coconut aroma, mild sweetness, and a pleasant texture, making it suitable for bakery, confectionery, cereals, snacks, toppings, and various food ingredient applications.

Origin	Vietnam
Grade	Chip
Fat Content	According to customer requirements
Moisture	Max. 3%
